

Company Profile...

Established in 2019 **Bangalore Enterprises** has always emphasized on high quality standards and customer satisfaction consistent to our well defined strategy of modernization we have invested heavily in state-of the art manufacturing facility in Jamnagar-Gujarat (India). We at **Bangalore Enterprises** offer a large range of option for those who are looking for right choice in Exclusive Building Hardware Fittings.

 **is our most popular brand**

Our manufacturing unit is equipped with latest machines and technology to produce zero-defect and high performance Hardware Products. The sophisticated production facilities enable us to execute order of various size and specifications. The infra structural facilities are also equipped with sophisticated packing equipment and machinery to ensure quality packaging that ensure safety of products during transit and delivery. **Bangalore Enterprises** also have a separate R & D unit for continuous research and development to come out regularly with new products and improve the quality of existing products. Refining and revising of processes is a major strength of our research team.

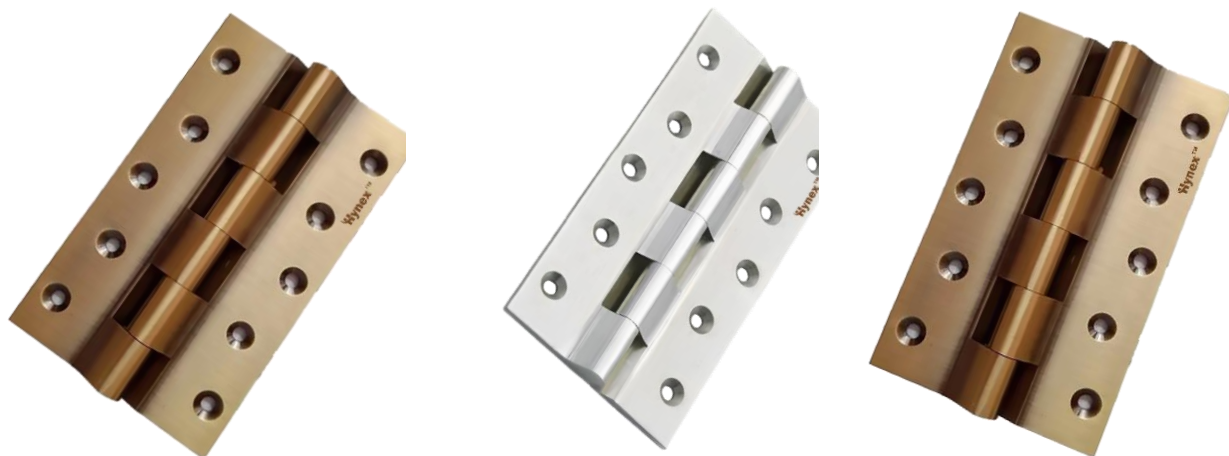

Our team consists of highly qualified & experienced engineers, designers, developers many more. Our Team Members are masters in the art of acquiring knowledge regarding latest technology, design concept, pattern etc. They are the ones who introduce the organization all latest developments in our domain.

It is our mission to strive for excellence and prosperity for the mutual benefit of our customers, employees and communities. We are dedicated to being a progressive, integrated manufacturer of high precision products and are committed to satisfying our customer's requirement through quality, service and low-cost production.

We have numerous installations around the country featuring our best products, but the thing that we are most proud of building is the relationships we have with our costumers, employees, and suppliers.
